## 35 Years of Serving Atlantic Canada from Burnside Industrial Park

**Caster-Rack Systems Ltd.** was founded in 1989 by the late Michael A. Matthews.

Mike's mission was to supply the highest quality products and service to the Industrial, Institutional and Commercial Sectors of Atlantic Canada. Mike and his staff have built long standing supplier and customer relationships that have lasted 3 decades.

Fast forward to today, Caster-Rack is still family owned by Husband & Wife business partners, Tony and Joyce Matthews, (Mike's younger brother & Sister-in-law). Tony joined the company 4 years into business, working in the warehouse and on shelving installations.

Tony & Joyce have held a steady course keeping with Mike's values and partnering with some of the best manufacturers in the industrial caster, storage system and material handling products world.

Our New Shop August 2020

## 35 Years of Building Relationships with Customers and Suppliers

**Caster-Rack Systems Ltd.** Is a major stocking distributor of;

- Industrial Casters, wheels & bearings.
- Roller conveyors and components

## Casters & Wheels

With literally hundreds of thousands....possibly millions of caster and wheel combinations available from thousands of caster manufacturers,  
Our Experience and Product Knowledge adds value to every caster purchase.

Caster-Rack staff has built strong long lasting relationships with the best manufacturers in the world and we stock the most common casters used for various typical applications.

In today's world of online shopping and information overload nobody can be experts at everything.

We ask the questions to drill down to choose the best caster for each application.

Whether you're in need of **ergonomics and quality for staff health and safety** or the **best choice today for a limited budget**.

**When it comes to Casters & Wheels, We have the answers.  
Drop by our showroom or Just give us a Call.**
